

Friday 22nd January 2021

Dear Parents and Carers,

You've reached half-way through the term, congratulations! Gavin Williamson has assured schools there will be an update on provision before February half-term. In the meantime, here's some important information:

- Parent Consultations will take place during the final week of term (week commencing Monday 8th). There will be a morning session and afternoon/evening session. Each meeting will last 10 minutes and take place via Zoom. Sign ups will be circulated towards the end of next week via ParentMail. Please note there will be no class zoom on the day a year group conduct their morning meetings. Here are the slots for each year group:

| | Morning Session (9am-12pm) | Afternoon/Evening Session (3pm-6pm) |
|--------|-------------------------------------|-------------------------------------|
| Year 3 | Tuesday 9 th February | Monday 8 th February |
| Year 4 | Monday 8 th February | Thursday 11 th February |
| Year 5 | Thursday 11 th February | Wednesday 10 th February |
| Year 6 | Wednesday 10 th February | Tuesday 9 th February |

- Inset Day for First Aid Training has been re-scheduled for **Friday 26th March**. School will be closed for all children on this date.
- Lateral flow testing is being introduced to primary school staff from next week. Each staff member has the opportunity to test twice weekly. Please be aware that if there is a positive reading, a PCR test is required and this may impact on staffing arrangements and availability.
- Attached to this parent mail is our fantastic weekly Forest School and Crafting activities, enjoy!

Have a happy and restful weekend!

Best wishes,
Claire Taylor
