

Dear Parents and Carers,

Friday 12th February marks the end of six demanding weeks for our school community. Well done and thank you for the support and resilience you have shown. The daily home learning routine has not been easy, each day adding an extra degree of challenge. We know you have done a wonderful job and we have been so proud by the perseverance and hard work the children have demonstrated.

We are expecting to hear news about a return to school during the early part of Term 4. We hope the news will offer a green light for the safe return of students and will write to outline what a return will look like once a plan is in place. We know just how much the children need to be back in school and we are desperate for the hustle and bustle of life at WJS to return.

I hope next week offers some rest and a welcome break from the computer. Attached our weekly: Forest School task, Mrs Davies art activity and information for a Greenpeace competition. Hopefully these can provide some half-term activities! Don't forget Valentine's Day on Sunday and Pancake Day next Tuesday.

As ever, thank you for your support. Here's to a happier Term 4.

Best wishes,

Claire Taylor
